DEPARTMENT OF CELLULAR & STRUCTURAL BIOLOGY

SEMINAR SERIES – SPRING 2012
Seminars are held from 11 - 12 pm on Tuesdays in Room 209L

JANUARY 10, 2012 – Linda E. May, Ph.D. – Kansas City Univ. of Med & Biosciences
“Exercise During Pregnancy: Cardiac Outcomes in Baby (and Mom)” Host: Dr. Thompson

JANUARY 31, 2012 – Joanne Curran, Ph.D. – Texas Biomedical Research Institute
“Progress in the Search for Disease-Related Genes: The San Antonio Family Heart Study” Host: Dr. Larsen

FEBRUARY 7, 2012 – Donald J. Tindall, Ph.D. – Mayo Clinic College of Medicine
“Mechanisms of Androgen Receptor Action in Prostate Cancer Progression” Host: Dr. Herbert

FEBRUARY 14, 2012 – Shuang Huang, Ph.D. – Georgia Health Science University
“Lysophosphatic acid, the integrity of SOS1/EPS8/ABI1 tri-complex and ovarian cancer metastasis” Host: Dr. Sun

FEBRUARY 21, 2012 – David Bearss, Ph.D. – University of Utah School of Medicine
“Targeting Epigenetic Regulation of Gene Expression for the Treatment of Cancer” Host: Grad students

FEBRUARY 28, 2012 – Mary Armanios, M.D. – John Hopkins University
“Telomere and Age-Related Disease” Host: Dr. Walter

MARCH 13, 2012 – Robert Lustig, M.D. – University of California, San Francisco
“Dietary factors, NAFLD, and metabolic syndrome” Host: Grad students

MARCH 20, 2012 – Agnès Lacreuse, Ph.D. – University of Massachusetts
“Sex hormones and cognitive aging in nonhuman primates” Host: Barshop

MARCH 27, 2012 – Russel J. Reiter, Ph.D. – UTHSCSA
“When melatonin gets on your nerves” Host: Dr. Tardif

APRIL 3, 2012 – Brent Thompson, Ph.D. – UTHSCSA
“Generation Prozac: Exploring the neurodevelopmental impact of perinatal SSRI exposure” Host: Dr. Tardif

APRIL 17, 2012 – Timothy Duong, Ph.D. – Research Imaging Inst. – UTHSCSA
“MRI of hemodynamic and metabolic changes and its application to neurological diseases” Host: Dr. Walter

APRIL 24, 2012 – Jeffrey Keller, Ph.D. – Pennington Biomedical Research Ctr, LSU System
“Aging, adiposity, and the brain” Host: Dr. Bai

MAY 1, 2012 – David Sweatt, Ph.D. – University of Alabama at Birmingham
“Epigenetic Mechanisms in Memory Formation” Host: Dr. Thompson

For further information contact: Dr. Suzette Tardif at Tardif@uthscsa.edu
