

UTHSCSA Graduate Medical Education Policies

Section 3	Evaluation and Assessment Processes	Effective:	January 2002
Policy 3.1.4.	Residents' Evaluations of Faculty, Educational Experience, and Overall Program	Revised:	Responsibility: Associate Dean for Graduate Medical Education
Residents' Evaluations of Faculty, Educational Experience, and Overall Program			
Policy	<p>Each residency program will have program-specific policies addressing the regular evaluation of faculty, educational experience, and the overall program.</p> <p>Each resident will be given the opportunity to participate in written, confidential evaluations, at least annually. The pooled information from these evaluations will be given due consideration by the program director and teaching faculty, and may be used for improvement of the program.</p>
