

Graduate Medical Education Committee – UTHSCSA

September 2010 (updated March 14, 2011)

Purpose: The Graduate Medical Education Committee (GMEC), as required by the ACGME, has many responsibilities – please see the **GME Policy Manual** for a full listing. Particular emphasis is placed on establishing and implementing policies, as well as monitoring and advising on all aspects of residency education in sponsored GME programs. This responsibility includes ensuring the quality of education and the work environment for all residents in all programs and ensuring compliance with ACGME requirements.

Voting membership on the committee includes the Designated Institutional Official (DIO), Assistant Dean for GME, program directors, other members of the faculty, residents nominated by their peers, and representatives of major clinical teaching sites.

In addition to the regulatory responsibilities of the GMEC, we are fundamentally educators. **Thus all program directors, associate/assistant program directors, and program coordinators are encouraged to attend the open sessions of GMEC meetings and to participate in discussions.**

Meetings: Conducted monthly; video-teleconferenced to distant sites.

Minutes: Posted on GME website (www.uthscsa.edu/gme). Distributed to all GMEC members, Program Directors, Clinical Chairs, the Dean of the Medical School, and the Regional Dean for the RAHC.

Members: Voting members are expected to attend all GMEC meetings, or to send a representative.

Chair – voting member

Lois L. Bready, M.D.

Associate Dean for Graduate Medical Education,
Designated Institutional Official (DIO)

Vice Chair – voting member

Robert J. Nolan, Jr., M.D.

Assistant Dean for Graduate Medical Education
