The person should request in writing that UT Health San Antonio correct information about the person that is held by the institution and that is

The request also should specify the correction that the person requests. Requests for corrections should be made in accordance with The University of Texas System's policy at: http://www.utsystem.edu/board-of-regents/policy-library/policies/uts139-texas-public-information-act.

Not later than ten (10) days (excluding Saturdays, Sundays and state or national legal holidays) after the date of the Chief Legal Officer's receipt of the request for correction, the Chief Legal Officer shall acknowledge in writing the receipt of the request. The Chief Legal Officer thereafter shall promptly either make the correction to the information as identified by the person or inform the person of the refusal to amend the information in accordance with person's request, the reason for the refusal, and the name and address of the person to whom the person may request a review of the refusal. The designated official will be the President, or his or her designee.

If the person disagrees with the refusal of the Chief Legal Officer to amend the information, the person may request in writing to the designated official a review of the refusal. Not later than thirty (30) days (excluding Saturdays, Sundays, and state and national legal holidays) after the date of the designated official's receipt of the request for review, the official shall complete a review of the matter and make a final determination unless, for good cause, the official extends the thirty (30) day period.

UT Health San Antonio will make approved corrections in accordance with all applicable laws and regulations, including those pertaining to records retention. UT Health San Antonio may make approved corrections by adding a document that amends but does not replace the document containing the incorrect information.
