

HEALTH SCIENCE CENTER HANDBOOK OF OPERATING PROCEDURES

Chapter 5	Information Management & Services	Effective:	November 2005
Section 5.11	Project Delivery	Revised:	May 2016
Policy 5.11.1	Project Delivery	Responsibility:	Vice President and Chief Information Officer

PROJECT DELIVERY

Overview

This service offers project leadership and support to Health Science Center organizations desiring to launch and execute initiatives to improve processes and/or implement new processes involving technology. The project delivery service provides the requesting organization support in the following areas:

- Process and Systems Analysis
 - Project Management (for more detail see [PM Portal](#))
 - Software Configuration and Development
 - Enterprise Business Systems Training and Development
 - User Acceptance Testing Management and Facilitation
 - Organizational Change Management and Communications to transition from implementation to sustainment
-

Service

Use the following link to access a [Project Request Questionnaire](#). Email completed questionnaire to pmo@uthscsa.edu.

Please refer to the *Handbook of Operating Procedures* (HOP), [Section 5.10.1](#), "Project Portfolio Management" for information regarding review and prioritization of requests.

** Note: You must be logged into the UTHSCSA Network Domain for the links above to work.*
