ORDERS

Departmental Orders

To order books or supplies, departments should send or bring a Bookstore Departmental Requisition directly to the Bookstore. Requisition forms are not kept at the Bookstore, but can be printed from the link above. Book orders must include complete title, author or editor, publisher, and the International Standard Book Number (ISBN) if known. Bookstore requisitions must also include the Project ID number to be charged, and an authorized signature for that account. Requisitions are processed when the merchandise is picked up. At the end of the month, all charges are sent to the Accounting Office and each individual department is billed through an Inter-Departmental Transfer Voucher (IT). Any discrepancy in charges should be brought to the attention of the Bookstore immediately upon receipt of the department copy of the monthly IT. Returns for departments are handled as referenced in the Handbook of Operating Procedures (HOP), Section 6.9.6, “Return Policy”.

Special Orders

The Bookstore will order books not carried in stock for departments or individuals. All special orders must be paid for in advance of ordering. Books must be picked up within 30 days after notification, or payment will be forfeited and book will be returned to publisher. Special orders for books not normally carried by the Bookstore are non-returnable. For personal transactions, the Bookstore accepts checks, cash, and credit cards for the amount of the purchase.
