Laryngeal Videostroboscopy Hands-On Workshop
October 26-27, 2013 San Antonio, TX

Course Description:
The course will include both lecture and hands-on exposure to videostroboscopy. There will be six hours of hands-on practice time in a small group setting, with direct instruction from experts in the field of laryngology. Participants will have the opportunity to learn and refine endoscopy-technique, as well as heighten their interpretation skills of videostroboscopy.

Conference Location:
The University of Texas Voice Center
Medical Arts and Research Center
8300 Floyd Curl Dr., San Antonio, TX 78229

Learning Objectives:
- Course participants will demonstrate basic endoscopic techniques for the use of rigid and flexible laryngeal endoscopy
- Participants will develop an introduction-intermediate level of skill in interpreting laryngeal stroboscopy
- Participants will demonstrate an understanding of medical billing and coding practices for endoscopy and related procedures.

Tuition: $485, includes lunch Saturday
