

Register now for The Annual Brain Bee!

Saturday, January 14, 2017

What is The Brain Bee? The Brain Bee is a live Question & Answer competition that tests the students' knowledge of neuroscience. The best young brains around the world are quizzed about the brain and how it relates to intelligence, memory, emotions, sensations, movement, stress, aging, sleep, and neurological disorders. All the questions are derived from Brain Facts- available on amazon in paper or digital versions.

How does the Brain Bee work? The South Texas Brain Bee is a regional competition for *high school students* in San Antonio, Houston and the south Texas area. There is *no fee* to the student to enter, or any recommendations needed. The first portion is a written quiz. The best scorers move into the finals. In the final round, each finalist is asked a question and he/she must answer within the time allotted (a timer is used). This year, a laboratory, practical component has been added. The First Place Winner receives round trip air and accommodations for two (student and parent or guardian) to attend The National Brain Bee. The winner of the national competition competes in the International Brain Bee.

How do I register? Its easy! Just go to the website at www.southtexasbrainbee.org to register.

Then, the STBB Coordinator, Sarah Oxford @ oxford@ftlda.org will email a form will to you. Your parent or guardian must sign, giving The South Texas Brain Bee and University of Texas Health Science Center permission to use your photograph. You may also contact Dr. Irene Chapa at 210-567-3941 or via email chapai@uthscsa.edu
