1. **May 24** from 4:00-5:15 pm the **Student Leadership Award Ceremony** was held in room **409L**. We celebrated our future women faculty leaders. We heard some motivating presentations from current faculty regarding their career paths. The winners of the science fair projects were there with their families and with their winning posters.

**The UTHSCSA student winners were:**
- Mona Bains, Graduate School
- Allison Armstrong, Medical School
- Brooke Loftis – Dental School
- Erica Fonseca, Nursing School
- Angela Victoria Rosales, Allied Health

**The Regional Science Fair winners were:**

**Seniors:**
- **First place**: Elizabeth Haro, Health Careers HS, 12th grade for her project titled "Effect of prolactin on breast cancer"
- **Second place**: Amber Metzner, Seguin HS, 11th grade for her project titled "Don’t bug me"

**Juniors:**
- **First place**: Sonali Patel, St. Luke’s Episcopal, 8th grade for her project titled "The effects of biodegradable particles on soil erosion"
- **Second Place**: Olivia Schroeder, Davis MS, 7th grade for her project titled "Speeding up Down time"

Please volunteer to be a Science Fair Judge next year. It’s a bit of work but extremely rewarding.

2. **Wednesday June 27 from 5-6 pm** Dr. Janet Bickel will present a seminar on “**Thinking Like the CEO of Your Own Career: Goal-Setting, Advancing, and Avoiding Career Derailers**” in room **3.104A**. She has an excellent reputation for helping people with their careers. Come get some advice and stay for the networking reception to follow (bring your business cards; make new connections!).

3. I was recently introduced to IMPACT SAN ANTONIO, a non-profit organization with sister branches in 7 US cities. IMPACT’s mission is to put women’s financial power to work in the philanthropic arena. IMPACT SA combines its members donations into one grant award per year, awarded through a competitive process to a local non-profit. The contributing members judge and vote on the submitted proposals. If you are interested in learning more about this organization, please approach me, Laurel Copeland, or visit their home page, [http://www.impactsanantonio.org/](http://www.impactsanantonio.org/)

4. **TODAY’s topic is “Onsite Child Care: Are we close?”**
   **Dr. Janet Williams** will lead the discussion of the efforts to bring on-site child care to UTHSCSA.
