

NURSING ADVISORY COUNCIL

The Nursing Advisory Council (NAC), established in 1983, is comprised of community leaders and promotes the visibility and progress of the UT Health School of Nursing. The NAC serves as a bridge to the community to generate financial resources, influence awareness and develop partnerships that enhance and support the School of Nursing.

NAC business meetings are held three times per year. The Council has three standing committees. Committees meet as indicated by the Chair or Co-Chairs of each committee. Every two years, a chairperson is elected by the Dean and serves a two-year term.

A major focus of the NAC is to generate support through fundraising efforts of the annual Spring Luncheon. Support from this event provides scholarships for students in the Accelerated Bachelor of Science in Nursing program, as well as grants and scholarships for nursing faculty.
