

ERMS-IRB Update

New! Cross-Reference Table for MODs

Making updates to your study? Need to know which documents to update? Check out this new [Table](#) that helps determine which study documents may need to be updated. Also available in the ERMS-IRB Help Center under the [Guides](#) tab.

Storage of PHI

Not sure what platforms are acceptable for storage of research data? Review this [IT guidance on Cloud Services](#) for more information.

NRHR Auto-Determination Tool – Coming Soon!

The IRB Office is testing a tool for PIs to determine whether their project meets the federal definition of human research (45 CFR 46). For studies falling outside IRB oversight – QA/QI, program evals, or research with unidentifiable samples – PIs can obtain an informal determination. (Note that this is different from Exempt research, which still requires review by the IRB Office, per HOP 7.2.1).

Study Coordinator Help Sessions

Join us on [Zoom](#) every 3rd Thursday at 2pm for an [ERMS Help Session](#) (click to save to your calendar).

[Creating Amendments in ERMS-Agreements is easy!](#)

To create an amendment for a specific agreement, navigate to the workspace of the agreement you want to amend and click on Create Amendment.
